Dear Sir/Ms:

The following questions have been received:

Question: How is the concrete for the footings paid for and what are the specifications?

Response: The Strut is a lump sum item. Refer to Special Provision, Section 534, Precast Structures Concrete for strut/footings.

Question: Is there rebar in the footings and if so, is there a pay item for it?

Response: The Strut is a lump sum item. Refer to special provision section 534 Precast Structures Concrete for strut/footings.

Question: The power auger probe only goes out to 10 feet right of centerline. The end of the box is 31.85 feet right of centerline. Do you have more information on refusals beyond the ones listed?

Response: There is no other information available.

Consider this information prior to submitting your bid on October 7, 2009.

Sincerely,

Scott Bickford
Contracts & Specifications Engineer
